

## **Ethical Encounter - Youth in Custody in New Zealand**

Last week the Edmund Rice Justice Trust hosted its second Ethical Encounter event focused on Youth in Custody in New Zealand. We had a presentation from Charlie Devine and Adrian Els who were the co-authors of the 2015 Youth Custody Index Report at St. Thomas of Canterbury College. They spoke of their findings and experience of compiling the report.

The floor was then open for everyone to engage in conversation with Charlie and Adrian. The invited guests came from a variety of backgrounds and such as law, social work, and education. The depth of collective wisdom and experience gathered around the table enriched the conversation.

There will be several other Ethical Encounters this year. Two in Christchurch, and another one in Auckland.

Thank you to all of those who attended the event.

## **New Edmund Rice Justice Aotearoa New Zealand Website**

Edmund Rice Justice Aotearoa New Zealand has an updated website with information about our organisation and the work we do. There is regular updates of social justice news and events from New Zealand and around the world.
