

## **Christchurch Ethical Encounter on Immersion**

On Friday the 18th of August, the Edmund Rice Justice Trust hosted an Ethical Encounter event in Christchurch. The topic of the breakfast was on Immersion. We had Br. Rob (Robbo) there to present and facilitate discussion around some of the ethical issues that come with cross-cultural immersion, particularly school immersions to places such as India, the Philippines and China.

We had a great group of people from diverse backgrounds including several Christian Brothers, teachers, senior school students and board members of the ERJ Trust. The majority of our participants have been on an Immersion and all had some insights to different factors that make an immersion what it is.

It was really great to come together with people from within the network to have a meaningful discussion about a topic of such importance to the Edmund Rice Network. Thank you to all those who attended the event. This was the last Ethical Encounter event for 2016. However, there will be a number of opportunities to attend one of our events next year in 2017.
